O R D E R:

In the G.O 1st read above, the Government have accorded renewal permission to M/s Sree Rayalaseema Alkalies and Allied Chemicals Limited, Gondiparla (V), Kurnool District to draw water not exceeding 8000 (2505+5495) cum per day from the Northern Bank of Tungabhadra River to establishment of Multi fuel based captive Power Plant at Gondiparla (V), Kurnool for a period of 10 years beyond 18-07-2013 for consumptive use subject to the usual terms and conditions and also subject to payment of water charges of Rs.4.50 per 1000 gallons.

2. In the G.O 2nd read above, the Government have informed that a decision have been taken on royalty charges to be fixed at Rs.5.50 per 1000 gallons uniformly to industries for consumptive use, keeping the other conditions unchanged.

3. In the G.O 3rd read above, the Govt have accorded permission to M/s Sree Rayalaseema Alkalies and Allied Chemicals Limited, Gondiparla (V), Kurnool District for construction of one more well in Tungabadra river near Devamada (V) Kurnool District for drawing water to meet the increased requirement subject to certain conditions.

4. In the letter 6th read above, the Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, based on the report of the Chief Engineer (Projects), Kurnool, has furnished a detailed proposal and recommended to the Government for according renewal permission for drawl of water not exceeding 8000 M ^{3} per day from the Well in Northern side of Tungabhadra River (or) alternatively from one more well constructed in Tungabhadra River near Devamada village, to meet the industrial requirement for a further period of Ten (10) years w.e. from 19-07-2023 to 18-07-2033 for consumptive use to M/s TGV SRAAC Ltd., (formerly Sree Rayalaseema Alkalies and Allied Chemicals Limited) Gondiparla (V), Kurnool District with the following terms and conditions :-

1. The water can be spared subject to the availability of water in the Tungabhadra River.
2. The firm should take water to the plant from well situated at Northern bank of Tungabhadra River at their own cost.

(P.T.O.)

3. The entire cost of construction of intake well, pump house, pipelines excavation etc., should be borne by the industry only.
4. Water meters or suitable measuring devices should be installed by the industry at their own cost to measure the water consumed and should be made available to the Departmental Authorities and the representatives of the users shall be present at all times of inspection. The water meter shall be periodically calibrated and kept sealed. The period of calibration will be specified by the Department.
5. The industry should pay the water rate at the existing rates. Industrial water royalty charges may be revised by the Government from time to time and the industry has to pay the revised rates as fixed by the Government from time to time. In case of failure to pay water rate/ royalty the permissions to draw water shall stands cancelled.
6. The industry shall obtain the prior concurrence from concerned Departments for laying pipelines and for crossing etc., where ever necessary.
7. No field bodhi or pipeline shall be taken through or along with Government land without approval of Government and if permission accorded by the Government the lease amount should be paid as fixed by Government only.
8. The industry should make their own arrangements to dispose the treated effluents as per norms of A.P. Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in their natural sources. Necessary clearance from the A.P. Pollution Control Board is to be obtained in this regard by the firm before drawl of water from the source.
9. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
10. The Water Resources Department is no way responsible for non-supply of water due to any reasons.
11. The industry must acquire the private land for installation of pumping arrangements. If the industry proposes to utilize Government land for installation of pump house, necessary permissions is to be obtained from the Government for leasing the land and the fixed is to be paid by the industry.
12. The industry must strengthen the river margin 100m from the toe to the River Flood Bank.
13. The Industry has to lay CC(1:4:8) before laying the pipeline and CC(1:2:4) over the pipeline refill the pipeline with proper soils and consolidate the banks as directed by the Department.
14. The Industry has to construct CC walls to avoid leakage at pipeline crossing.
15. The water drawn from the Tungabhadra River should utilized for the purpose for which the permission is granted.
16. The Industry should follow the Revenue Board Standing Orders.
17. The Industry shall pay security deposit at 5% on 10 years water charges for which permission is granted.
18. The Industry shall pay one year water charges as advance and any amount due to the Department before entering in to agreement.
19. The Industry has to conclude agreement with the officers concerned of Water Resources Department.
20. The Industry shall abide by R.C.Act-1884 and any other condition laid down by the Government/ Department from time to time.
21. The Industry should make its own arrangements for summer storage in their premises only and to conclude agreements accordingly.

Contd..3..

22. The Industry has to pay the water charges for the estimated quantity in advance at the start of the financial year i.e., before 10th April every year as per BSO.
23. Under any circumstances, the consumptive utilization should not exceed the quantum of water allotted by the Government.
24. The proposed drawl for this plant should not affect Lower Riparian Rights (LRR) and Upper Riparian Rights(URR) in any manner.
25. The Department is no way responsible for any damages that may occur to the off take point due to floods in Tungabhadra River or on an account of any other reasons.
26. The permission does not confer any riparian right to the industry.
27. Non-Adherence to any of the above condition by the industry will entail cancellation of the permission.
28. The Firm has to produce the relevant records for Departmental verification at the end of each quarter periodically.
29. The concerned Executive Engineer will be responsible for enforcing the conditions.
30. The firm has to obtain separate permission duly enclosing the drawings of pipe lines and lease amounts to be paid for the Government Land to be leased as per the prevailing norms.

5. After careful examination of the proposals and on the recommendations of the Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, Government hereby accord renewal permission to M/s TGV SRAAC Ltd (formerly Sree Rayalaseema Alkalies and Allied Chemicals Limited), Gondiparla (V), Kurnool District for drawl of water not exceeding 8000 M^3 per day from the Well in Northern side of Tungabhadra River (or) alternatively from one more well constructed in Tungabhadra River near Devamada village, to meet the industrial requirement for a further period of Ten (10) years with effect from 19-07-2023 to 18-07-2033 for consumptive use, subject to the terms & conditions as mentioned at Para 4 above.

6. The Engineer-in-Chief (Irrigation), Water Resources Department, Vijayawada, the Chief Engineer (Projects), Kurnool and the Collector & District Magistrate of Kurnool District shall take necessary action accordingly.
